

## Airco Bed rooms

ON/OFF - MODE: cooling or heating

TEMP: in the evening or at night **21/22 degrees** is comfortable. If you want little nit of fresh air: windows can then be tilted with roller shutter closed to approx. 10-15 cm (in the absence of curtains)

Don't forget to turn airco off when sleeping or early in the morning!!

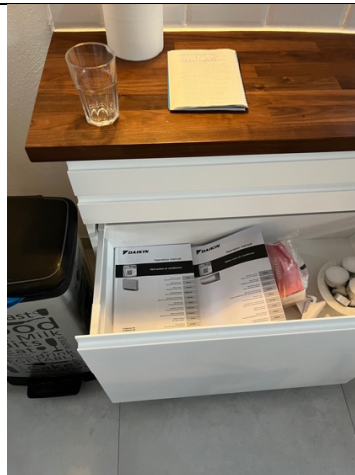

Symbol for: COOLING: ❄️ (freeze)

Symbol for HEATING: ☀️ (sun)

## Airco living

Probably not necessary

Press ON/OFF

Slide the cover under the on/off button

Mode: cooling or heating

Temp 20 is perfectly comfortable

**Do NOT press other buttons please!!!**

**DON'T FORGET TO TURN OFF!!!**

In the left drawer in the kitchen are manuals for the air conditioners
